

WORKING WITH A RECRUITMENT AGENCY

Registering with a recruitment agency is a great way to expand your job seeking opportunities and business networks.

Here's a quick guide to working with us.

How do we work?

We streamline the job seeking process for both employers and candidates.

Our clients and business partners contact GBL when they need to recruit staff. We then source candidates with the right skills and experience. We use our database of interviewed candidates, advertise online, as well as our candidate networks. We coordinate the entire recruitment process from interviews, to job offers, to settling into your new role.

At GBL, we specialise in temporary, fixed term, permanent and contractor recruitment and can offer you a huge variety of job opportunities in Wellington.

How we work with our candidates

We love to meet our candidates in person when you register with us, however, we can meet you via Skype if you are based outside of Wellington. You can register for temporary or permanent work or both – we are flexible to meet your needs.

When you register, you will be interviewed, skills assessed, reference and security checked. We will support you through the whole recruitment process and if you are wanting more direction

with your career or current role, our career services are available. This is a free service to you.

We have a great range of jobs and pay great hourly rates to our temps and contractors. Become a brand ambassador for us.

Stay connected

We want to hear from you on a regular basis, and encourage a friendly and easy going relationship with the consulting team. Behind the scenes, we are managing a high number of people and jobs, so we encourage you to take the lead in staying connected and updating us with your work developments.

To keep up to date with our new jobs and the Wellington job market connect with us on LinkedIn, follow us on Facebook and sign up for job alerts.

Following the careers of our candidates is extremely rewarding to us and we want you to come back when you are looking for something new in the future – so stay connected with us.
